#### **4. SUMMARY DESCRIPTION OF THE ISSUER**

Bayerische Hypo- und Vereinsbank Aktiengesellschaft ("HVB", and together with its consolidated subsidiaries, the "HVB Group") was formed in 1998 through the merger of Bayerische Vereinsbank Aktiengesellschaft and Bayerische Hypotheken- und Wechsel-Bank Aktiengesellschaft. It is the parent company of HVB Group, which is headquartered in Munich. HVB has been an affiliated company of UniCredit S.p.A. ("UniCredit") since November 2005 and hence a major part of the UniCredit Group from that date as a sub-group. UniCredit holds directly 100% of HVB's share capital.

HVB has its registered office at Kardinal-Faulhaber-Strasse 1, 80333 Munich and is registered with the Commercial Register at the Lower Court (*Amtsgericht*) in Munich under number HRB 42148, incorporated as a stock corporation under the laws of the Federal Republic of Germany. It can be reached via telephone under +49-89-378-0 or via [www.hvb.de](http://www.hvb.de).

As a result of the integration into the UniCredit Group, the activities of HVB Group have been restructured in the following divisions: Markets & Investment Banking, Corporates & Commercial Real Estate Financing, Retail and Wealth Management.

Through these divisions, HVB Group offers a comprehensive range of banking and financial products and services to private and corporate clients including multinationals, public sector and institutional customers.

Its range extends from mortgage loans and banking services for consumers, private banking, business loans and foreign trade finance through to fund products, advisory and brokerage services, securities transactions and wealth management.

On 1 April 2007, the investment banking activities of UniCredit Banca Mobiliare ("UBM") were transferred against new ordinary shares of HVB and are fully integrated into the Markets & Investment Banking division. The transaction represents a further step forward in the HVB Group's re-organisational plan as HVB

Group will be the centre of competence for the entire investment banking activities of the UniCredit Group, with the aim of: (i) gaining critical business mass, (ii) building a tailor-made infrastructure, and (iii) streamlining corporate governance, thus ensuring shorter time to market.

In support of HVB's further developments, UniCredit's Board of Directors agreed beside others to use the profit realised by HVB on the below mentioned sale of the HVB business in Austria and Central and Eastern Europe to significantly strengthen HVB's capital position in order to further develop HVB's business through organic growth or acquisitions both in HVB's key market Germany as well as in groupwide Markets & Investmentbanking.

## **Recent Developments**

### **Sale and transfer of HVB's business in Austria and CEE to UniCredit or its subsidiaries respectively**

Based on the resolution adopted by the Supervisory Board and the Management Board on 12 September 2006 to sell the shares held by HVB in Bank Austria Creditanstalt AG (later on renamed as UniCredit Bank Austria AG) ("Bank Austria") and other units in Central and Eastern Europe, which was approved by HVB's shareholders at the Extraordinary Shareholders' Meeting on 25 October 2006, the shares in Bank Austria were transferred to UniCredit, and the shares in Joint Stock Commercial Bank Ukraine ("HVB Bank Ukraine") to PHB Bank PEKAO, and the shares in Closed Joint Stock Company International Moscow Bank ("IMB") and AS UniCredit Bank (formerly HVB Bank Latvia AS, Riga) to Bank Austria in the first quarter 2007; the sale of the HVB branches in Tallinn and Vilnius to AS UniCredit Bank was completed in the third quarter of 2007.

Various shareholders have started legal actions against the resolutions adopted at the Extraordinary Shareholders' Meeting held by HVB on 25 October 2006. In a ruling of 31 January 2008, the Munich Regional Court I (*Landgericht*) declared the resolutions passed at the Extraordinary Shareholders' Meeting on 25 October 2006 null and void for formal reasons. HVB has appealed against this ruling and, regardless of this ruling, obtained the, as a precaution requested, confirmatory resolutions in its General Shareholders' Meeting held on 29 and 30 July 2008. Also these confirmatory resolutions were challenged by several shareholders.

### **Squeeze-out in HVB/Delisting**

On 27 June 2007, a majority of 98.77% of the votes cast at HVB's Annual General Meeting of Shareholders approved the transfer to UniCredit of the shares in HVB held by minority shareholders as part of a squeeze-out procedure for an adequate cash compensation. The level of cash compensation had already been determined at EUR 38.26 per share by UniCredit. The squeeze-out compensation has been determined on the basis of an opinion from an independent expert and its adequacy has been confirmed by an independent auditor selected and appointed by the competent court in Munich.

More than a hundred shareholders have in the meantime started actions to annul the transfer resolutions and further resolutions adopted at the Annual General Meeting of Shareholders on 27 June 2007.

On 24 April 2008, the Munich Regional Court I granted the clearance motion; several shareholders appealed against this decision; following the decision of the Higher Regional Court (*Oberlandesgericht*) of Munich dated 3 September 2008 in which the court upheld the clearance motion, the squeeze-out was registered in the Commercial Register at the Lower Court (*Amtsgericht*) in Munich on 15 September 2008.

Moreover, upon completion of the squeeze-out, official trading in the common bearer stock of HVB ceased on all German stock exchanges as well as the Vienna Stock Exchange, Euronext in Paris and the SWX Swiss Exchange, and the admission to listing was revoked. Trading in American Depository Receipts ("ADRs") on the New York Stock Exchange has now also ceased. The payments to be made to the minority shareholders were posted to the respective accounts on 18 September 2008. Thus, trading in HVB shares has officially ceased. HVB does, however, remain listed on securities exchanges as an issuer of debt instruments such as Pfandbriefe and certificates. In particular, HVB has issued securities which are listed *inter alia* on the regulated markets of the Luxembourg Stock Exchange, the Munich Stock Exchange and at the Stuttgart Stock Exchange.

HVB remains a joint stock corporation under German law and an operationally independent institution after the squeeze-out.

#### **Appointment of Special Representative**

At the Annual General Meeting of HVB on 26 and 27 June 2007, a resolution was adopted, upon a motion submitted by shareholders regarding item 10 of the agenda, to assert claims for compensation against current and former members of the Management Board and Supervisory Board of HVB, as well as UniCredit, for asserted financial damage caused as a result of the sale of Bank Austria. A special representative was appointed to assert the alleged claims. On 20 February 2008 the special representative submitted a claim for the return of the Bank Austria shares and alternatively for claims for damages of at least EUR 13.9 billion and on 1 August 2008 an extension of the claim asking for additional EUR 2,92 billion in the context of the integration of the investment banking business of UBM. In an Extraordinary Shareholders' Meeting on 10 November 2008 the aforementioned resolution was revoked and the special representative dismissed from his office with immediate effect. This resolution has been challenged by the special representative.

## **5. RISK FACTORS**

### **Summary of the Risk Factors with respect to the Instruments**

Prospective investors should consider, among other things, the factors described under "Risk Factors" in the Prospectus as well as the risk factors incorporated by reference (see "General Information – Documents incorporated by reference"), which identify certain risks inherent in investing in Instruments issued under the Programme and in regards to the Issuer.

Investment in the Instruments is only suitable for purchasers who understand the nature of such Instruments and the extent of their exposure to risk. Each prospective investor of Instruments must determine, based on its own independent review and such professional advice as it deems appropriate under the circumstances, that its acquisition of the Instruments is fully consistent with its (or if it is acquiring the Instruments in a fiduciary capacity, the beneficiary's) financial needs, objectives and condition, complies and is fully consistent with all investment policies, guidelines and restrictions applicable to it (whether acquiring the Instruments as principal or in a fiduciary capacity) and is a fit, proper and suitable investment for it (or if it is acquiring the Instruments in a fiduciary capacity, for the beneficiary), notwithstanding all of the risks inherent in investing in or holding the Instruments.

### **There is no active trading market for the Instruments**

Instruments issued under the Programme may not be widely distributed and there may be no active trading market, either on or off a stock exchange, for the Instruments. If the Instruments are traded after their initial issuance, they may trade at a discount to

their initial offering price.

**Market Value of the Instruments**

The market value of the Instruments will be affected by several factors including the creditworthiness of the Issuer. The price at which an Instrumentholder will be able to sell the Instruments prior to maturity may be at a discount from the issue price or the purchase price paid by such Instrumentholder. Such discount may be substantial.

**Taxation**

Prospective purchasers and sellers of Instruments should be aware that they may be required to pay taxes or other documentary charges or duties in accordance with the laws and practices of the country where the Instruments are transferred to or held or other jurisdictions.

**Independent review and advice**

Each prospective holder of Instruments must determine, based on its own independent review and such professional advice, that its acquisition of the Instruments is fully consistent with its financial needs, investment policies, guidelines and restrictions and is a fit, proper and suitable investment for it, notwithstanding the substantial risks inherent in investing in or holding the Instruments.

**Financing purchase of Instruments**

If a prospective investor in the Instruments decides to finance the purchase of Instruments through funds borrowed from a third party, he should not rely on gains or profits from the investment in the Instruments, which would enable him to repay interest and principal of the loans when due and payable.

**Transaction costs**

The purchase, holding and sale of Instruments will usually trigger further transaction costs.

**Exchange Rates**

Fluctuations in exchange rates may affect the value of the Instruments.

**Risk hedging transactions**

Prospective Investors may not be able to make transactions to preclude or limit risks at all times during the term of the Pfandbriefe.

**Risks relating to Bayerische Hypo- und Vereinsbank AG**

An investment in the Instruments involves certain risks relating to the Issuer and the relevant Tranche of Instruments. While all of these risk factors involve contingencies which may or may not occur, potential investors should be aware that the risks involved with investing in the Instruments may, among other things, (i) affect the ability of the Issuer to fulfill its obligations under the Instruments issued under the Programme and/or (ii) lead to a volatility and/or decrease in the market value of the relevant Tranche of Instruments whereby the market value falls short of the expectations (financial or otherwise) of an investor upon making an investment in such Instruments.

**Issuer risk**

Issuer risk is related to the possibility that the Issuer, with reference to the business and profitability of the Issuer is unable to pay coupons and interests and/or repay the principal, due to a deterioration in the soundness of assets.

**Risks from the financial markets crisis and global economic crisis**

The Markets & Investment Banking ("MIB") division suffered from declines or losses notably in structured loans recorded in net trading income from the third quarter of 2007 up to the first quarter 2009.

The subprime crisis originated from the United States of America and started in second half of 2007. Triggered by the loss in value of asset-backed papers based on subprime mortgages in the United States of America, there was a significant decrease in investors' appetite for risk, resulting in liquidity bottlenecks on the money market, accompanied by a

massive widening of credit spreads. Like the entire UniCredit Group, HVB Group has only a slight direct exposure to the underlying U.S. real estate crisis.

The resulting financial market turbulence has also affected the European financial markets and meanwhile the global economy. Especially several countries and several industry segments are in severe economic difficulties.

To a varying degree and extent, this has of course also affected the business operations and the profitability of HVB Group, in particular in the Markets & Investment Banking division in 2007 and 2008. These effects were most noticeable in structured credit products held for trading purposes and in the syndicated finance market.

The global recession will in all probability continue as it will take a while for the global imbalances to reverse. HVB cannot preclude the possibility that the ongoing financial market crisis and the global economic crisis will affect business operations and the profitability of HVB Group in the future. With regard to risk-provisioning levels in 2009, HVB expects that the persistently difficult economic conditions looming ahead will lead to a sharp rise in the number of bankruptcies and that its risk provisioning levels will therefore significantly surpass those of 2008, which benefited from the success in reducing the special portfolios allocated to the Other/consolidation segment (former Real Estate Restructuring segment and Special Credit Portfolio).

## Risks Relating to HVB Group's Business

### **Disruptions on financial markets potentially impact the liquidity situation of HVB Group**

As market participant with global activities HVB Group is exposed to the general risk of disruptions on financial markets. As a consequence there might be the situation that HVB has to refinance assets at significantly increased funding costs. Longer lasting market tension might lead to an elevated liquidity risk situation caused by a lack of available funding sources.

### **Loan losses may exceed anticipated levels**

HVB Group is a major lender to several large corporate customers that have filed for the initiation of insolvency proceedings in the past years or are undergoing restructuring. There is the risk that HVB Group may require provisions for losses on loans and advances or incur loan losses in excess of the budgeted amounts.

HVB Group is a major lender to large corporate customers, banks and financial institutions in Germany and other countries. The number of insolvencies to be expected in the future among HVB Group customers is unpredictable. If such number exceeds the anticipated levels, HVB Group may require provisions for losses on loans and advances or incur loan losses in excess of the budgeted amounts.

In such scenarios, loan losses may exceed anticipated levels.

### **HVB Group is exposed to German economy**

Given the situation with Germany as the regional core market, HVB is more heavily exposed to economic and political developments in Germany. HVB Group is one of the largest lenders to the German *Mittelstand* and one of the leading providers of personal and business loans in Germany. If the economy performs below expectations, HVB cannot preclude the possibility that the customers of HVB Group will also feel the effects of the crisis, and that loan-loss provisions could increase above the expected level.

### **HVB Group's income can be volatile related to trading**

HVB Group's trading income can be volatile and is dependent on numerous factors beyond the Group's control, such as the

**activities and currency exchange**

general market environment, overall trading activity, equity prices, interest rate and credit spread levels, fluctuations in exchange rates and general market volatility.

HVB Group generates a significant amount of its income and incurs a significant amount of its expenses outside the Eurozone, and therefore is exposed to currency risk.

Die Laufzeiten der Schuldverschreibungen werden, vorbehaltlich zulässiger oder vorgeschriebener Mindest- und Höchstlaufzeiten, die auf Grund von Anforderungen der betreffenden Zentralbank (oder einer entsprechenden Stelle) oder auf Grund von Gesetzen oder Rechtsvorschriften hinsichtlich der betreffenden Währung anwendbar sind, durch die Emittentin festgelegt und in den Wertpapierbedingungen wiedergegeben.

## **4. ZUSAMMENFASSUNG DER BESCHREIBUNG DER EMITTENTIN**

Die Bayerische Hypo- und Vereinsbank Aktiengesellschaft ("HVB", und zusammen mit ihren konsolidierten Beteiligungen, die "HVB Group") entstand 1998 aus der Fusion der Bayerische Vereinsbank Aktiengesellschaft und der Bayerische Hypotheken- und Wechsel-Bank Aktiengesellschaft. Sie ist die Muttergesellschaft der HVB Group, die ihren Unternehmenssitz in München unterhält. Seit November 2005 gehört die HVB Group mehrheitlich UniCredit S.p.A. ("UniCredit") und fungiert somit seit diesem Datum als Sub-Group der UniCredit Group. Die UniCredit Group hält direkt 100% des Aktienkapitals der HVB.

Die HVB hat ihren Unternehmenssitz in der Kardinal-Faulhaber-Straße 1, 80333 München und ist im Handelsregister des Amtsgerichts München unter der Nr. HRB 42148 als Aktiengesellschaft gemäß deutschem Recht eingetragen. Sie ist unter der Telefonnummer +49-89-378-0 oder unter [www.hvb.de](http://www.hvb.de) zu erreichen.

In Folge der Integration in die UniCredit Group wurden die Aktivitäten der HVB Group in folgenden Divisionen restrukturiert: Markets & Investment Banking, Corporates & Commercial Real Estate Financing, Retail and Wealth Management.

Mit diesen Divisionen bietet die HVB Group ein umfassendes Portfolio an Bank- und Finanzprodukten und -dienstleistungen für Privat- und Firmenkunden einschließlich Multinationals, öffentliche Hand und institutioneller Kunden an.

Die Bandbreite reicht von Hypothekendarlehen und Bankdienstleistungen für Verbraucher über Private Banking, Geschäftskredite und Außenhandelsfinanzierung bis zu Fondsprodukten, Beratungs- und Vermittlungsdiensten, Wertpapiertransaktionen und Vermögensverwaltung.

Am 1. April 2007 wurde das Investment-Banking-Geschäft von UniCredit Banca Mobiliare ("UBM") gegen neue HVB-Stammaktien übertragen und in die Markets & Investment Banking Division voll integriert. Diese Transaktion stellt einen weiteren Schritt im Umstrukturierungsplan der HVB Group dar, mit dem die HVB Group sich zum Kompetenzzentrum für die gesamten Investment-Banking-Aktivitäten der UniCredit Group entwickelt mit dem Ziel, (i) eine kritische Geschäftsmasse zu erreichen, (ii) eine maßgeschneiderte Infrastruktur aufzubauen und (iii) die Unternehmenssteuerung zu verschlanken und somit die Time-to-Market zu verkürzen.

Zur Unterstützung der Weiterentwicklung der HVB hat der Verwaltungsrat der UniCredit u.a. beschlossen, die von der HVB aus dem Verkauf der HVB-Unternehmen in Österreich und in Zentral- und Osteuropa (siehe unten) vereinnahmten Gewinne zur deutlichen Stärkung der Kapitalausstattung der HVB zu verwenden. Das soll der HVB ermöglichen, sich durch organisches Wachstum bzw. über Akquisitionen in Deutschland als dem Schlüsselmarkt der HVB sowie im gruppenweiten Markets & Investmenbanking weiterzuentwickeln.

## Jüngste Entwicklungen

### **Veräußerung und Übertragung des HVB-Geschäfts in Österreich und den CEE-Ländern auf die UniCredit bzw. ihre Tochtergesellschaften**

Gemäß dem vom Aufsichtsrat und Vorstand am 12. September 2006 verabschiedeten Beschluss, die Anteile der HVB an der Bank Austria Creditanstalt AG (die später in UniCredit Bank Austria AG umbenannt wurde) ("Bank Austria") und anderen Unternehmen in den mittel- und osteuropäischem Ländern zu verkaufen, der von den Anteilseignern der HVB bei der außerordentlichen Hauptversammlung am 25. Oktober 2006 genehmigt wurde, wurden im ersten Quartal 2007 die Anteile an der Bank Austria an die UniCredit, die Anteile an der Joint Stock Commercial Bank Ukraine ("HVB Bank Ukraine") auf die PHB Bank PEKAO und die Anteile an der Closed Joint Stock Company International Moscow Bank ("IMB") und der AS UniCredit Bank (ehemals HVB Bank Latvia AS, Riga) auf die Bank Austria übertragen, während die Veräußerung der HVB-Niederlassungen in Tallinn und Vilnius an die AS UniCredit Bank im dritten Quartal des Jahres 2007 erfolgte.

Mehrere Anteilseigner haben gegen die bei der außerordentlichen Hauptversammlung der HVB am 25. Oktober 2006 verabschiedeten Beschlüsse Klage erhoben. In einem Gerichtsbeschluss vom 31. Januar 2008 erklärte das Landgericht München I die im Rahmen der außerordentlichen Mitgliederversammlung am 25. Oktober 2006 verabschiedeten Beschlüsse auf Grund formaler Gründe für unwirksam. Die HVB hat gegen diesen Gerichtsbeschluss Berufung eingelegt und, ungeachtet des Gerichtsbeschlusses, bei der Hauptversammlung am 29. und 30. Juli 2008 die als Vorsichtsmaßnahmen erforderlichen Bestätigungsbeschlüsse eingeholt. Auch diese Bestätigungsbeschlüsse wurde von einigen Anteilseignern angefochten.

### **Squeeze-out bei der HVB/Aufhebung der Börsennotierung**

Am 27. Juni 2007 genehmigte eine Mehrheit von 98,77% der bei der Hauptversammlung der HVB abgegebenen Stimmen die Übertragung der von den Minderheitsaktionären gehaltenen HVB-Anteile im Rahmen eines Squeeze-out gegen Bezahlung einer angemessenen Barabfindung. Die Höhe der Barabfindung wurde von UniCredit bereits anhand eines von der Ernst & Young AG Wirtschaftsprüfungsgesellschaft, Steuerberatungsgesellschaft erstellten Gutachtens auf EUR 38,26 je Aktie festgelegt und vom gerichtlich bestellten Wirtschaftsprüfer, der Warth & Klein GmbH Wirtschaftsprüfungsgesellschaft, als angemessen bestätigt.

Mehr als 100 Aktionäre haben in der Zwischenzeit ein Gerichtsverfahren angestrengt, um den Übertragungsbeschluss und die weiteren bei der Hauptversammlung am 26. und 27. Juni 2007 verabschiedeten Beschlüsse anzufechten.

Am 24. April 2008 bestätigte das Landgericht München I die Wirksamkeit des Freigabeverfahrens. Mehrere Anteilseigner legten gegen diese Entscheidung Berufung ein. Im Anschluss an die Entscheidung des Oberlandesgerichts München vom 3. September 2008, mit der das Gericht die Wirksamkeit des Freigabeverfahrens erneut bestätigte, wurde der Squeeze-out in das Handelsregister des Amtsgerichts eingetragen.

Weiterhin wurde nach Abschluss des Squeeze-out jeglicher Handel mit Inhaberstammaktien der HVB an allen deutschen Börsen, der Börse in Wien, Euronext in Paris und der Schweizer Börse SWX eingestellt und die Börsennotierung zurückgenommen. Der Handel mit American Depository Receipts ("ADRs") an der New York Stock Exchange wurde ebenso eingestellt. Die an die Minderheitsaktionäre zu leistenden Zahlungen wurden am 18. September 2008 auf die jeweiligen Konten überwiesen. Somit wurde der Handel mit HVB-Aktien offiziell eingestellt. Die HVB ist jedoch an den Börsen nach wie vor als Emittentin von Schuldtiteln wie Pfandbriefen und Zertifikaten eingetragen. Die HVB begibt insbesondere Wertpapiere, die unter anderem an den geregelten Märkten der Wertpapierbörsen in Luxemburg, München und Stuttgart notiert sind.

Die HVB bleibt auch nach dem Squeeze-Out-Verfahren eine Aktiengesellschaft nach deutschem Recht und ein operativ selbständiges Institut.

### **Ernennung des Besonderen Vertreters**

Bei der Hauptversammlung der HVB am 26. und 27. Juni 2007 wurde auf Antrag von Aktionären ein Beschluss bezüglich Punkt 10 der Tagesordnung dahingehend gefasst, dass gegen derzeitige und ehemalige Mitglieder des Vorstands und Aufsichtsrats der HVB sowie der UniCredit Ersatzansprüche bezüglich des geltend gemachten finanziellen Schadens aus der Veräußerung der Bank Austria erhoben werden sollen. Ein Besonderer Vertreter wurde bestellt, um die angeblichen Ansprüche geltend zu machen. Am 20. Februar 2008 hat der Besondere Vertreter Klage auf Rückgabe der Aktien der Bank Austria und alternativ eine Schadensersatzforderung in Höhe von mindestens EUR 13,9 Mrd. erhoben sowie am 1. August 2008 eine Klageerweiterung auf Zahlung zusätzlicher EUR 2,92 Mrd. im Zusammenhang mit der Integration der Investmentbanking Aktivitäten der UBM. Bei der außerordentlichen Hauptversammlung am 10. November 2008 wurde der vorgenannte Beschluss aufgehoben und der Besondere Vertreter mit sofortiger Wirkung aus seinem Amt entlassen. Der Beschluss wurde vom Besonderen Vertreter angefochten.

## 5. RISIKOFAKTOREN

### Zusammenfassung der Risikofaktoren in Bezug auf die Wertpapiere

Potenzielle Investoren sollten unter anderem die im Abschnitt "Risikofaktoren" des Prospekts beschriebenen sowie die durch Verweis einbezogenen (siehe "General Information – Documents incorporated by reference") Faktoren bedenken, die bestimmte Risiken in Hinblick auf die Investition in die im Rahmen des Programms emittierten Instrumente und die Emittentin betreffen.

Anlagen in die Wertpapiere sind nur für Käufer geeignet, die das Wesen dieser Wertpapiere und das Ausmaß des Risikos verstehen, dem die Wertpapiere ausgesetzt sind. Jeder potenzielle Investor in die Instrumente muss auf Grundlage seiner eigenen unabhängigen Prüfung und der von ihm als angemessen erachteten professionellen Beratung bestimmen, ob der Kauf der Instrumente trotz der mit der Investition in diese und mit ihrem Besitz verbundenen Risiken seinen finanziellen Bedürfnissen, Zielen und Umständen (oder im Falle des Kaufs in treuhänderischer Funktion denen des Begünstigten) in vollem Umfang entspricht und allen für ihn geltenden Anlagegrundsätzen, -richtlinien und -beschränkungen genügt (im Falle des Erwerbs auf eigene Rechnung oder in treuhänderischer Funktion) und dass die Investition eine geeignete, gute und ordnungsgemäße Anlage für ihn (oder, soweit der Kauf in treuhänderischer Funktion erfolgt, für den Begünstigten) ist.

#### Es gibt keinen aktiven Markt mit aktiven Handel für die Wertpapiere

Es besteht keine Sicherheit, dass die im Rahmen des Programms ausgegebenen Wertpapiere breit gestreut sein werden und dass sich auf oder außerhalb der Börse ein aktiver Markt für den Handel mit den Wertpapieren entwickelt. Nach ihrer erstmaligen Emission können die Wertpapiere mit einem Abschlag auf den ursprünglichen Angebotspreis gehandelt werden.

#### Marktwert der Wertpapiere

Der Marktwert der Wertpapiere wird von verschiedenen Faktoren beeinflusst, einschließlich der Bonität der Emittentin. Der Preis, zu dem ein Wertpapiergläubiger seine Wertpapiere vor deren Fälligkeit veräußern kann, kann unter dem Ausgabepreis oder dem von diesem Wertpapiergläubiger gezahlten Kaufpreis liegen. Dieser Abschlag kann sehr deutlich ausfallen.

#### Besteuerung

Potenzielle Erwerber und Verkäufer der Wertpapiere sollten sich darüber bewusst sein, dass sie in Übereinstimmung mit den Gesetzen und Praktiken des Staates, in dem die Wertpapiere übertragen oder in dem sie gehalten werden, oder anderer Staaten zur Zahlung von Steuern oder anderer Dokumentationskosten oder -abgaben verpflichtet sein kann.

#### Unabhängige Prüfung und Beratung

Jeder mögliche Investor muss auf Grund seiner unabhängigen Prüfung und professioneller Beratung feststellen, ob sein Kauf der Wertpapiere seinen finanziellen Bedürfnissen und seinen Investmentregeln und -beschränkungen entspricht und ein zu ihm passendes Investment unter Berücksichtigung der substantiellen Risiken darstellt, die dem Kauf oder dem Besitz der Wertpapiere innewohnt.

#### Finanzierung des Wertpapierkaufs

Wenn ein möglicher Investor in die Wertpapiere beschließt, den Erwerb von Wertpapieren durch von einer dritten Partei geliehene Geldmittel zu finanzieren, sollte er nicht auf Gewinne oder Profite aus dem Investment in die Wertpapiere vertrauen, welche ihn zur Rückzahlung des Kreditbetrags und der Zinsen befähigen würden.

#### Transaktionskosten

Der Erwerb, das Halten und der Verkauf der Wertpapiere wird gewöhnlich zu weiteren Transaktionskosten führen.

#### Wechselkurse

Wechselkursschwankungen können Auswirkungen auf den Wert der Wertpapiere haben.

**Heding-Transaktionen**

Mögliche Investoren könnten nicht in der Lage sein, während der gesamten Laufzeit der Wertpapiere Transaktionen abzuschließen, um Risiken auszuschließen oder zu verringern.

**Mit Bayerische Hypo- und Vereinsbank AG verbundene Risiken**

Jede Investition in die Instrumente unterliegt gewissen Risiken hinsichtlich der Emittentin und der jeweiligen Tranche der Instrumente. Diese Risiken werden durch Faktoren bedingt, deren Eintreten nicht sicher ist. Potenzielle Investoren sollten daher bedenken, dass die mit einer Investition in die Instrumente verbundenen Risiken unter anderem (i) die Fähigkeit der Emittentin, ihre Verpflichtungen aus den im Rahmen des Programms begebenen Instrumenten zu erfüllen, beeinflussen und/oder (ii) eine Volatilität und/oder Minderung des Marktwerts der maßgeblichen Tranche der Instrumente nach sich ziehen können, so dass der Marktwert die (finanziellen oder sonstigen) zum Zeitpunkt der Investitionsentscheidung gehegten Erwartungen des Investors nicht erfüllt.

**Emittentenrisiko**

Das Emittentenrisiko bezieht sich auf die Möglichkeit, dass die Emittentin keine Kupons und Zinsen zahlen kann und/oder das Grundkapital nicht zurückzahlen kann, weil sich der Geschäftsverlauf und die Ertragskraft und damit auch die Stabilität ihrer Vermögenswerte verschlechtern.

**Risiken aus der weltweiten Finanzmarkt- und Wirtschaftskrise**

Die Division Markets & Investment Banking ("MIB") musste einen Rückgang hinnehmen, insbesondere bei strukturierten Krediten, die beim Handelsergebnis ausgewiesen werden, vom 3. Quartal 2007 bis zum 1. Quartal 2009.

Die Subprime-Krise wurde in der zweiten Hälfte des Jahres 2007 in den Vereinigten Staaten von Amerika ausgelöst. Ausgehend von dem in den Vereinigten Staaten von Amerika zu verzeichnenden Werteverfall beiforderungsbesicherten Wertpapieren auf Basis von Immobiliendarlehen an Kreditnehmer minderer Bonität (*Subprime*) kam es zu einer deutlichen Abnahme der Risikobereitschaft der Anleger mit der Folge von Liquiditätsengpässen am Geldmarkt und einer massiven Ausweitung der Credit Spreads. Wie die gesamte UniCredit Group ist auch die HVB Group nur in geringem Maße direkt von der auslösenden US-Immobilienkrise betroffen.

Die aus der Krise resultierenden Finanzmarktturbulenzen hatten auch Auswirkungen auf die europäischen Finanzmärkte und inzwischen auch auf die Weltwirtschaft. Besonders einzelne Länder und Branchen befinden sich in einer äußerst schwierigen wirtschaftlichen Lage.

Dadurch wurden in unterschiedlichem Umfang und Ausmaß natürlich auch der Geschäftsverlauf und die Ertragskraft der HVB Group beeinflusst, insbesondere im Geschäftsbereich der Division Markets & Investment Banking in den Jahren 2007 und 2008. Bei strukturierten Kreditprodukten im Handelsbestand sowie im Markt der syndizierten Finanzierungen waren diese Auswirkungen am deutlichsten zu spüren.

Die weltweite Rezession wird sich aller Voraussicht nach weiter fortsetzen. Die Rückbildung der globalen Ungleichgewichte benötigt längere Zeit. Die HVB kann die Möglichkeit nicht ausschließen, dass die anhaltende weltweite Finanz- und Wirtschaftskrise in Zukunft den Geschäftsverlauf und die Ertragskraft der HVB Gruppe beeinflussen wird. Bei der Kreditrisikovorsorge erwartet die HVB für das Geschäftsjahr 2009, dass die sich abzeichnenden weiterhin schwierigen konjunkturellen Bedingungen zu einer stark steigenden Anzahl

von Insolvenzen führen werden und dadurch der Kreditrisikovorsorgebedarf des Geschäftsjahres 2008, der von Abbauerfolgen aus den im Segment Sonstige/Konsolidierung zugeordneten Spezialportfolios (ehemaliges Segment Real Estate Restructuring und Special Credit Portfolio) begünstigt war, deutlich überschreiten wird.

### **Risiken bezogen auf die Geschäftstätigkeit der HVB Group**

#### **Verwerfungen auf den Finanzmärkten könnten die Liquidität der HVB Group beeinflussen**

#### **Kreditausfälle könnten Prognosen übersteigen**

#### **HVB Group wird von der deutschen Wirtschaft beeinflusst**

#### **Mögliche Volatilität der Erträge der HVB Group, bedingt durch Handelsaktivität und Wechselkurse**

Als Marktteilnehmer mit weltweiten Aktivitäten ist die HVB Group dem allgemeinen Risiko von Verwerfungen auf den Finanzmärkten ausgesetzt. Es kann daher zu einer Situation kommen, in der die HVB Vermögenswerte zu deutlich erhöhten Kosten refinanzieren muss. Länger anhaltende Spannungen auf den Märkten könnten zu einem erhöhten Liquiditätsrisiko führen, bedingt durch einen Mangel an verfügbaren Finanzierungsquellen.

Die HVB Group ist wichtiger Kreditgeber mehrerer großer Firmenkunden, die in den letzten Jahren ein Insolvenzverfahren einleiten mussten oder momentan eine Umstrukturierungsphase durchleben. Es besteht das Risiko, dass der Konzern möglicherweise eine höhere Kreditrisikovorsorge benötigt bzw. höhere Kreditausfälle entstehen als im Budget vorgesehen.

Die HVB Group ist wichtiger Darlehensgeber für große Firmenkunden, Banken und Finanzinstitute in Deutschland und anderen Ländern. Die Anzahl der in Zukunft bei den Kunden der HVB Group zu erwartenden Insolvenzen ist nicht vorhersehbar. Wenn diese Anzahl den geplanten Umfang übersteigt, benötigt der Konzern möglicherweise eine höhere Kreditrisikovorsorge bzw. es entstehen höhere Kreditausfälle als im Budget vorgesehen.

In solchen Szenarien können die Kreditausfälle das prognostizierte Niveau übersteigen.

Da Deutschland den regionalen Kernmarkt der HVB darstellt, wird die HVB Group besonders stark von wirtschaftlichen und politischen Entwicklungen in Deutschland beeinflusst. Die HVB Group ist einer der größten Darlehensgeber des deutschen Mittelstands und einer der führenden Darlehensgeber von privaten und gewerblichen Darlehen in Deutschland. Bei einer unter den Erwartungen liegenden Entwicklung der Wirtschaftslage ist nicht auszuschließen, dass die Auswirkungen der Krise auch die Kunden der HVB Group erfassen und die Kreditrisikovorsorge eventuell über das erwartete Niveau hinaus ansteigt.

Die Handelerträge der HVB Group können einer gewissen Volatilität unterliegen und hängen von zahlreichen Faktoren ab, die sich dem Einflussbereich der Gruppe entziehen. Dazu zählen das allgemeine Marktumfeld, das Ausmaß der allgemeinen Handelsaktivität, Aktienkurse, das Zins- und Credit Spread-Niveau, Wechselkursschwankungen und die allgemeine Marktvolatilität.

Ein erheblicher Teil der Erträge und ein bedeutender Teil der Aufwendungen der HVB Group entstehen außerhalb der Eurozone und unterliegen daher einem Währungsrisiko.

## RISK FACTORS

The following is a disclosure of risk factors (the "Risk Factors") that are material with respect to the Issuer and to the Instruments issued under the Programme in order to assess the risk associated with these Instruments. Prospective investors should consider these Risk Factors before deciding to purchase Instruments issued under the Programme, especially since in certain cases the investor may lose his entire investment or (substantial) parts of it.

Prospective investors should consider all information provided in this Prospectus and consult with their own professional advisers (including their financial, accounting, legal and tax advisers) if they consider it necessary. In addition, prospective investors should be aware that the risks described below may arise individually or cumulatively with other risks and might have mutually reinforcing effects.

Words and expressions defined in the "Terms and Conditions of Jumbo Pfandbrief Issues" or "Terms and Conditions of Global Pfandbrief Issues" or below or elsewhere in this Prospectus have the same meanings in this section.

### General risks relating to the Instruments

Investment in the Instruments is only suitable for highly sophisticated investors, who understand the nature of such Instruments and the extent of their exposure to risk and have sufficient knowledge, experience and access to professional advisers to make their own legal, tax, accounting and financial evaluation of the merits and risks of the investment in such Instruments.

### There is no active trading market for the Instruments

Instruments issued under the Programme will be new securities, which may not be widely distributed and for which there may be no active trading market. If the Instruments are traded after their initial issuance, they may trade below their initial offering price, depending on prevailing interest rates, the market for similar securities, general economic conditions and the financial condition of the Issuer.

Although applications might be made for the Instruments issued under the Programme to be admitted to listing on the regulated market of any stock exchange – or admitted to trading on any market – within the European Economic Area, there is no assurance that such applications will be accepted, that any particular Tranche of Instruments will be so admitted or that an active trading market will develop. Accordingly, there is no assurance as to the development or liquidity of any trading market for any particular Tranche of Instruments. As a consequence, neither the Issuer nor any Dealer can give any assurance that a holder of an Instrument will be able to sell its Instruments prior to their maturity.

### Market value of the Instruments

The market value of the Instruments will be affected by the creditworthiness of the Issuer and a number of additional factors such as market interest and yield rates and the remaining tenor of the Instruments.

The value of the Instruments further depends on a number of correlating factors, including economic, financial and political events such as factors affecting capital markets generally and the stock exchanges on which the Instruments are traded.

The price at which an Instrumentholder will be able to sell the Instruments prior to maturity may be (substantially) below the issue price or the purchase price paid by such purchaser.

Furthermore, historical interest rates and correlation details, which applied in the past, cannot be taken into account regarding its future performance.

### Legality of Purchase

Neither the Issuer nor any Dealer or any of their affiliates has assumed or assumes responsibility against any prospective investor for the legality of the acquisition of the Instruments, whether under the laws of the jurisdiction of its incorporation or the jurisdiction in which it operates (if different), or for compliance by that prospective investor with any law, regulation or regulatory policy applicable to it.

### Taxation

Prospective purchasers and sellers of Instruments should be aware that they may be required to pay taxes or other documentary charges or duties in accordance with the laws and practices of the country where the Instruments are transferred to or held or other jurisdictions. Potential investors are advised not to rely on the tax summary contained in this document but to ask for their own tax advisers' advice on their individual taxation with respect to the acquisition, sale or redemption of the Instruments. Only these advisors are in a position to duly consider the specific situation of the prospective investor.

## **Independent review and advice**

Each prospective holder of Instruments must determine, based on its own independent review and such professional advice as it deems appropriate under the circumstances, that its acquisition of the Instruments is fully consistent with its (or if it is acquiring the Instruments in a fiduciary capacity, the beneficiary's) financial needs, objectives and condition, complies and is fully consistent with all investment policies, guidelines and restrictions applicable to it (whether acquiring the Instruments as principal or in a fiduciary capacity) and is a fit, proper and suitable investment for it (or if it is acquiring the Instruments in a fiduciary capacity, for the beneficiary), notwithstanding the substantial risks inherent in investing in or holding the Instruments.

A prospective investor may not rely on the Issuer, any Dealer or any of their affiliates in connection with its determination as to the legality of its acquisition of the Instruments or as to the other matters referred to above.

## **Financing purchase of Instrument**

If a prospective investor in the Instruments decides to finance the purchase of Instruments through funds borrowed from a third party, it should make sure in advance that it can still continue to service the interest and principal payments on the loan in the event of a loss. It should not rely on gains or profits from the investment in the Instruments, which would enable it to repay interest and principal of the loans when due and payable.

## **Transaction costs**

The purchase, holding and sale of Instruments will usually trigger further transaction costs not associated with or raised by the Issuer (e.g. for the relevant investor's custody account) which should be taken into account when evaluating an investment in the Instruments.

## **Exchange rates**

Prospective investors in the Instruments should be aware that their investment may involve exchange rate risks. The Instruments may be denominated in a currency other than the currency of the jurisdiction where the Investor is domiciled or where he seeks to receive funds. Exchange rates between currencies are determined by factors of supply and demand in the international currency markets, which are affected by macro economic factors, speculation and central bank and government intervention (including the imposition of currency controls and restrictions). Fluctuations in exchange rates may affect the value of the Instruments.

## **Risk hedging transactions**

Investors in the Instruments may not be able to make transactions to preclude or limit risks at all times during the term of the Instruments. Their ability to do so will depend on market conditions and the underlying terms and conditions. In some cases investors may be able to make such transactions only at a market price that is disadvantageous to them, so that a significant loss would be incurred.

## **RESPONSIBILITY STATEMENT**

Bayerische Hypo- und Vereinsbank AG having its registered office at Kardinal-Faulhaber-Strasse 1, 80333 Munich ("HVB" or the "Issuer", acting through its head office or one of its foreign branches) accepts responsibility for the information contained in this Prospectus. HVB declares that the information contained in this Prospectus is, to the best of its knowledge, in accordance with the facts and that no material information has been omitted.

## TAXATION

### Germany

The information about the German taxation of the Instruments issued under this Programme set out in the following section is not exhaustive and is based on current tax laws in force at the time of printing of this Prospectus which may be subject to change at short notice and, within certain limits, also with retroactive effect. This summary does not purport to be a comprehensive description of all tax considerations which may be relevant to a decision to purchase Instruments.

The following section only provides some very generic information on the possible tax treatment of the Instruments in Germany and has to be read in conjunction with the more specific information on the taxation as provided in the relevant Final Terms of each tranche of Instruments. As a consequence, the tax consequences of an acquisition, holding, sale and redemption of the Instruments might be more disadvantageous than described below. Where reference is made to statements of the tax authorities, it should be noted that the tax authorities may change their view even with retroactive effect and that the tax courts are not bound by circulars of the tax authorities and, therefore, may take a different view. Even if court decisions exist with regard to instruments comparable to the Instruments, it is not certain that the same reasoning will apply to the Instruments due to certain peculiarities of such Instruments. Furthermore, the tax authorities may restrict the application of judgements of tax courts to the individual case with regard to which the judgement was rendered.

Moreover, the following section cannot take into account the individual tax situation of the investor. Therefore, we recommend that prospective investors should ask their own tax adviser for advice on their individual taxation with respect to an acquisition, holding, sale and redemption of the Instruments. Only these advisers are in a position to duly consider the specific situation of the investor. The following statement is, therefore, limited to the provision of a general outline of certain tax consequences in Germany for investors.

#### **Taxation of German tax residents**

Persons (individuals and corporate entities) who are tax resident in Germany (in particular, persons having a residence, habitual abode, seat or place of management in Germany) are subject to income taxation (income tax or corporate income tax, as the case may be, plus solidarity surcharge thereon plus church tax, if applicable) on their worldwide income, regardless of its source, including interest from debt of any kind (such as the Instruments) and, in some cases, capital gains. Further, the persons may be subject to trade tax with income and capital gains derived from the instruments.

#### *Interest and capital gains*

Individuals holding the Instruments (the "Investors") as private assets (the "Private Investors") are subject to German income taxation with all capital gains from the sale, transfer or redemption of an Instrument, irrespective of the holding period. Interest received under an Instrument will also be taxable. Accrued (unpaid) interest paid as a part of the sales price of the Instruments (the "Accrued Interest") is deemed to be interest or capital gain (as the case may be) and is taxed accordingly.

#### *Income-related expenses*

With regard to income from capital investments (*Einkünfte aus Kapitalvermögen*) held as a private asset (opposed to a business asset), only a lump-sum of EUR 801 will be deductible as income-related expenses (*Werbungskosten*); the actual income-related expenses will not be deductible.

#### *Tax rate*

The taxable income from the Instruments held as a private asset (opposed to a business asset) will be taxed, in principle, at a flat income tax rate of 25% plus solidarity surcharge (*Solidaritätszuschlag*) thereon plus church tax, if applicable. Certain exemptions apply.

#### *Non-Private Investors*

Where the Instruments are held as business assets by individuals, corporations or other entities, interest income, accrued interest and proceeds from the sale, transfer or redemption of Instruments (the "Deemed Interest") and capital gains will be subject to income tax or corporate income tax, as the case may be, plus solidarity surcharge thereon plus church tax (if applicable) and trade tax (if applicable).

Depending on the specific terms of the respective Instrument, the annual increase in value of the Instrument, as calculated at the time of acquisition, must be taken into account *pro rata temporis* as interest income.

Losses incurred under an Instrument are ring-fenced and, thus, may only be tax-deductible to a limited extent.

## **Taxation of persons who are not tax resident in Germany**

Persons (individuals and corporate entities) who are not tax resident in Germany are subject to income tax or corporate income tax (plus solidarity surcharge thereon plus church tax, if applicable) and, if applicable, trade tax in Germany with interest, Deemed Interest and Accrued Interest and capital gains if (i) the Instruments are held as business assets of a German permanent establishment or a German permanent representative, or (ii) interest, Accrued Interest and Deemed Interest is paid upon physical presentation of the Instruments in an over-the-counter transaction with a German credit institution or financial services institution, which term includes a German branch of a foreign credit institution or financial services institution but excludes a foreign branch of a German credit institution or financial services institution, or a German Issuer ("German Disbursing Agent"), or (iii) proceeds received from the Instruments fall otherwise into a category of income from German sources under section 49 ITA, e.g. receivables secured by German real estate or by ships which are registered in a German maritime register unless the interest bearing receivable is recorded in a public debt register or issued as partial debenture (*Teilschuldverschreibung*) or global note pursuant to section 9a German Custody Act (*Depotgesetz*).

With regard to income from capital investments (*Einkünfte aus Kapitalvermögen*), only a lump-sum of EUR 801 will be deductible as income-related expenses (*Werbungskosten*); the actual income-related expenses will not be deductible.

### **Withholding tax**

A withholding tax on proceeds from capital investments (*Kapitalertragsteuer*) is imposed in Germany. Withholding tax will be levied if an Instrument is (i) kept or administered by a German debtor/issuer or in a domestic securities deposit account by a German Disbursing Agent and (ii) the proceeds are paid by the German Disbursing Agent. The term German Disbursing Agent will also comprise securities trading businesses (*Wertpapierhandelsunternehmen*) and securities trading banks (*Wertpapierhandelsbanken*).

Withholding tax will be levied at a flat withholding tax rate of 25% plus solidarity surcharge at a rate of 5.5% thereon plus church tax, if applicable. With regard to Private Investors, the withholding tax (including solidarity surcharge and church tax) is, in principle, a final tax and shall replace the Private Investor's income taxation by assessment. However, upon election and filing of an annual income tax return, the German Private Investor's income derived from interest payments, including Accrued interest, and Deemed Interest can be taxed at regular individual tax rates if this results in a lower income tax burden. The tax withheld at source will then be credited against the income tax liability assessed or, if in excess of such liability, refunded. If no tax is withheld, the Private Investor is still obliged to file a tax return. With regard to Non-Private Investors, the withholding tax (including solidarity surcharge) is still an advance payment on the income tax liability if the recipient of the interest payment is subject to German income taxation by assessment.

### **Tax base**

In the case of interest and Accrued Interest, withholding tax will be levied on the interest / Accrued Interest amount.

As regards Deemed Interest and capital gains from the sale, transfer or redemption of Instruments, withholding tax will be levied on an amount equal to the difference between the issue or purchase price of the Instrument and the redemption amount or sales proceeds if the Investor has kept the Instrument in a custodial account since the time of issuance or acquisition respectively. Otherwise, withholding tax is applied to 30% of the amounts paid in partial or final redemption of the Instrument or the proceeds from the sale of the Instrument (*Pauschalbemessungsgrundlage*).

### **Withholding exemption certificate and certificate of non-assessment**

In general, no withholding tax will be levied if the Investor is a Private Investor who filed a withholding exemption certificate (*Freistellungsauftrag*) with the German Disbursing Agent, but only to the extent the interest income and other taxable income from capital investments does not exceed the maximum exemption amount shown on the withholding exemption certificate. Similarly, no withholding tax will be deducted if the Investor has submitted to the German Disbursing Agent a certificate of non-assessment (*Nichtveranlagungsbescheinigung*) issued by the relevant local tax office.

### **Non-German residents**

Persons who are not resident in Germany are, in principle, only subject to German withholding tax if (a), according to German income tax law, the proceeds received from the Instruments falls into a category of income from German sources under section 49 German Income tax Act such interest from receivables secured by German real estate or by ships which are registered in a German maritime register unless the interest bearing receivable is recorded in a public debt register or issued as partial debenture (*Teilschuldverschreibung*) or global note pursuant to section 9a German Custody Act (*Depotgesetz*), or (b) the proceeds are paid in an over-the-

counter transaction upon presentation of Instruments. If applicable, double taxation treaties may provide for nil or a reduced tax on the German source of income of the non-German resident.

### **Inheritance and Gift Tax**

Inheritance or gift taxes with respect to any Instrument will, in principle, arise under German law if, in the case of inheritance tax, either the decedent or the beneficiary or, in the case of gift tax, either the donor or the donee is a resident of Germany or if such Instrument is attributable to a German trade or business for which a permanent establishment is maintained or a permanent representative has been appointed. In addition, certain German expatriates will be subject to inheritance and gift tax.

### **Luxembourg**

*The following is a general description of certain Luxembourg withholding tax considerations relating to the Instruments. It does not purport to be a complete analysis of all tax considerations relating to the Instruments, whether in Luxembourg or elsewhere. Prospective purchasers of the Instruments should consult their own tax advisers as to which countries' tax laws could be relevant to acquiring, holding and disposing of the Instruments and receiving payments of interest, principal and/or other amounts under the Instruments and the consequences of such actions under the tax laws of Luxembourg. This summary is based upon the law as in effect on the date of this Prospectus. The information contained within this section is limited to withholding taxation issues, and prospective investors should not apply any information set out below to other areas, including (but not limited to) the legality of transactions involving the Instruments.*

### **Withholding Tax**

All payments of interest and principal by the Issuers in the context of the holding, disposal, redemption or repurchase of the Instruments can be made free and clear of any withholding or deduction for or on account of any taxes of whatsoever nature imposed, levied, withheld, or assessed by Luxembourg or any political subdivision or taxing authority thereof or therein, in accordance with the applicable Luxembourg law, subject however to: (a) the application of the Luxembourg law of 21 June 2005 implementing the European Union Savings Directive (Council Directive 2003/48/EC – the "EU Savings Directive") and several agreements concluded with certain dependent or associated territories and providing for the possible application of a withholding tax (20% from 1 July 2008 to 30 June 2011 and 35% from 1 July 2011) on interest paid to certain non Luxembourg resident investors (individuals and certain types of entities called "residual entities") in the event of the Issuer appointing a paying agent in Luxembourg within the meaning of the above-mentioned directive (see section "EU Savings Directive" below) or agreements; (b) the application as regards Luxembourg resident individuals of the Luxembourg law of 23 December 2005 which has introduced a 10% withholding tax (which is final when Luxembourg resident individuals are acting in the context of the management of their private wealth) on savings income (i.e. with certain exemptions, savings income within the meaning of the Luxembourg law of 21 June 2005 implementing the EU Savings Directive). This law should apply to savings income accrued as from 1 July 2005 and paid as from 1 January 2006. Responsibility for the withholding of tax in application of the above-mentioned Luxembourg laws of 21 June 2005 and 23 December 2005 is assumed by the Luxembourg paying agent within the meaning of these laws and not by the Issuers.

### **EU Savings Tax Directive**

Under EC Council Directive 2003/48/EC, implemented in Luxembourg by the laws of 21 June 2005, on the taxation of savings income, each Member State is required, from 1 July 2005, to provide to the tax authorities of another Member State details of payments of interest or other similar income within the meaning of the EU Savings Directive paid by a paying agent within the meaning of the EU Savings Directive to an individual resident or certain types of entities called "residual entities", within the meaning of the EU Savings Directive (the "Residual Entities"), established in that other Member State (or certain dependent or associated territories). For a transitional period, however, Austria, Belgium and Luxembourg are permitted to apply an optional information reporting system whereby if a beneficial owner, within the meaning of the EU Savings Directive, does not comply with one of two procedures for information reporting, the relevant Member State will levy a withholding tax on payments to such beneficial owner. The withholding tax system applies for a transitional period during which the rate of the withholding was of 15% from 1 July 2005 to 30 June 2008, is of 20% from 1 July 2008 to 30 June 2011 and will be of 35% as from 1 July 2011. The transitional period is to terminate at the end of the first full fiscal year following agreement by certain non-EU countries to the exchange of information relating to such payments. Also with effect from 1 July 2005, a number of non-EU countries (Switzerland, Andorra, Liechtenstein, Monaco and San Marino) and certain dependent or associated territories (Jersey, Guernsey, Isle of Man,Montserrat, British Virgin Islands, Netherlands Antilles and Aruba) have agreed to adopt similar measures (either provision of information or transitional withholding) in relation to payments made by a paying agent (within the meaning of the EU Savings Directive) within its jurisdiction to, or collected by such a paying agent for, an individual resident or a Residual Entity established in a Member State. In addition, Luxembourg has entered into reciprocal provision of information or transitional withholding arrangements with those dependent or associated territories in relation to payments made by a paying agent (within the meaning of

the EU Savings Directive) in a Member State to, or collected by such a paying agent for, an individual resident or a Residual Entity established in one of those territories. The European Commission has announced on 13 November 2008 proposals to amend the EU Savings Directive. If implemented, the proposed amendments would, inter alia, extend the scope of the EU Savings Directive to (i) payments made through certain intermediate structures (whether or not established in a Member State) for the ultimate benefit of an EU resident individual, and (ii) provide for a wider definition of interest subject to the EU Savings Directive.

## GENERAL INFORMATION

### Rules applicable to all Types of Pfandbriefe

Pfandbriefe are standardised debt instruments issued by a German credit institution authorised to issue Pfandbriefe in accordance with the Pfandbrief Act. In this summary, banks authorised to issue Pfandbriefe are generally referred to as “**Pfandbrief Banks**” which is the term applied by the Pfandbrief Act. The quality and standards of Pfandbriefe are strictly governed by provisions of the Pfandbrief Act and subject to supervision by the BaFin. Pfandbriefe generally are medium- to long-term bonds, typically with an original maturity of two to ten years, which are secured or „covered“ at all times by a pool of specified qualifying assets (*Deckung*), as described below. Pfandbriefe are recourse obligations of the issuing bank, and no separate vehicle is created for their issuance in general or for the issuance of any specific series of Pfandbriefe. Prior to maturity, Pfandbriefe may not be redeemed at the option of the holders.

Pfandbriefe may either be Mortgage Pfandbriefe (*Hypothekenpfandbriefe*), Public Sector Pfandbriefe (*öffentliche Pfandbriefe*), Ship Mortgage Pfandbriefe (*Schiffspfandbriefe*) or Aircraft Mortgage Pfandbriefe (*Flugzeugpfandbriefe*). The outstanding Pfandbriefe must be covered by a separate pool of specified qualifying assets: a pool for Mortgage Pfandbriefe, a pool for Public Sector Pfandbriefe, a pool for Ship Mortgage Pfandbriefe, and a pool for Aircraft Pfandbriefe (each a “**Cover Pool**”). An independent trustee appointed by the BaFin has wide responsibilities in monitoring the compliance of the Pfandbrief Bank with the provisions of the Pfandbrief Act. In particular, the trustee monitors the adequacy of the cover assets and maintains a register listing the assets provided as cover from time to time in respect of the Pfandbriefe.

The coverage of all outstanding Pfandbriefe with respect to principal and interest must at all times be secured on the basis of the present value (*Barwert*), taking into account redemption and interest payments. Moreover, the present value of the cover assets contained in the Cover Pool must exceed the present value of all outstanding Pfandbriefe by at least two per cent (*sichernde Überdeckung*).

Such 2 per cent excess cover must consist of highly liquid assets. Qualifying assets for the excess cover are (i) debt securities, debt register claims, treasury bills and treasury bonds of the German government, a special fund of the German government, a German state, the European Communities, a member state of the European Union, the member states of the European Economic Area, the European Investment Bank, the International Bank of Reconstruction and Development, the Council of Europe Development Bank or the European Bank for Reconstruction and Development, as well as debt securities, debt register claims, treasury bills and treasury bonds owed by Switzerland, the United States, Canada, or Japan insofar as their risk weighting has been assigned to credit quality step 1 in accordance with Table 1 Annex VI of the European Directive 2006/48/EC (the “**Banking Directive**”), (ii) debt securities guaranteed by any of the foregoing entities; and (iii) credit balances maintained with the European Central Bank, the central banks of the member states of the European Union and suitable credit institutions that have been assigned a risk weighting corresponding to credit quality step 1 in accordance with Table 3 Annex VI of the Banking Directive, provided that the amount of the claims of the Pfandbrief Bank is known at the time of purchase.

The Pfandbrief Bank must calculate on daily basis the amount of liquidity needed in respect of outstanding Pfandbriefe within a timeframe for the next 180 days. The amount so calculated must at all times be covered by liquid cover assets, such as transferable securities or credit balances with the European Central Bank or other suitable credit institutions.

The Pfandbrief Bank must record in the register of cover assets for any Cover Pool each asset and the liabilities arising from derivatives. Derivatives may be entered in such register only with the consent of the trustee and the counterparty.

The Pfandbrief Bank must have established an appropriate risk management system meeting the requirements specified in detail in the Pfandbrief Act and must comply with comprehensive disclosure requirements on a quarterly and annual basis, as set out in detail in the Pfandbrief Act.

The operations of all banks engaged in the issuance of Pfandbriefe are since 19 July 2005 regulated by the Pfandbrief Act and the Banking Act, and will be subject to the prudential supervision of the BaFin. In particular, the BaFin will carry out audits of the assets forming part of any Cover Pool, regularly in biannual intervals.

#### *Cover Pool for Mortgage Pfandbriefe*

The principal assets qualifying for the Cover Pool for Mortgage Pfandbriefe are loans secured by mortgages which may serve as cover up to the initial 60 per cent of the value of the property, as assessed by experts of the Pfandbrief Bank not taking part in the credit decision in accordance with comprehensive evaluation rules designed to arrive at the fair market value of the property. Moreover, the mortgaged property must be adequately insured against relevant risks.

The property that may be encumbered by the mortgages must be situated in a state of the European Economic Area, Switzerland, the United States, Canada or Japan.

In addition, the Cover Pool for Mortgage Pfandbriefe may comprise a limited portion of other substitute assets as follows: (i) equalisation claims converted into bonds; (ii) up to a total sum of 10 per cent of the aggregate amount of outstanding Mortgage Pfandbriefe, those assets which may also be included in the 2 per cent excess cover described above, and money claims against the European Central Bank, a central bank of any EU member state or a suitable credit institution; the share of money claims against one and the same credit institution may not exceed 2 per cent of the aggregate amount of outstanding Mortgage Pfandbriefe; (iii) the assets which may also be included in the Cover Pool for Public Sector Pfandbriefe provided they are in the form of securities, up to a total sum of 20 per cent of the aggregate amount of outstanding Mortgage Pfandbriefe, whereby the assets pursuant to (ii) above will be deducted and (iv) subject to certain limitations, claims arising under derivatives transactions contracted under standardised master agreements with certain qualifying counterparties, provided that it is assured that the claims arising under such derivatives will not be prejudiced in the event of the insolvency of the Pfandbrief Bank or any other Cover Pool maintained by it.

The amount of the claims of the Pfandbrief Bank arising under derivatives which are included in the Cover Pool measured against the total amount of all assets forming part of the Cover Pool as well as the amount of the liabilities of the Pfandbrief Bank arising from such derivatives measured against the aggregate principal amount of the outstanding Mortgage Pfandbriefe plus the liabilities arising from derivatives may in either case not exceed 12 per cent, without taking into account such derivatives that only serve the purpose of hedging currency risks deriving from cover assets or Pfandbriefe, calculated in each case on the basis of the net present value.

#### *Cover Pool for Public Sector Pfandbriefe*

The Cover Pool for Public Sector Pfandbriefe may comprise money claims resulting from loans, bonds or a comparable transaction or other money claims acknowledged in writing as being free from defences if they are directed against an eligible debtor or for which an eligible debtor has assumed a full guarantee.

Eligible debtors are, *inter alia*: (i) German public-sector authorities for which a maintenance obligation (*Anstaltslast*) or a guarantee obligation (*Gewährträgerhaftung*) or another state refinancing guarantee applies or which are legally entitled to raise fees, rates and other levies, (ii) the EU/EEA countries as well as their central banks, (iii) regional governments and local authorities of the afore-mentioned states, (iv) Switzerland, the United States, Canada and Japan and their central banks provided they have been assigned to credit quality step 1 as defined in Annex VI Table 1 of the Banking Directive, (v) regional governments and local authorities of the afore-mentioned states that have been equated with the relevant central government or have been assigned to credit quality step 1 in accordance with Table 3 Annex VI of the Banking Directive, (vi) the European Central Bank, multilateral development banks and international organisations (as defined in Annex VI of the Banking Directive), (vii) public sector entities within the meaning of article 4 para. 18 of the Banking Directive (*i.e.* non-commercial administrative bodies responsible to central governments, regional governments or local authorities, or authorities that exercise the same responsibilities as regional and local authorities, or non-commercial undertakings owned by central governments that have explicit guarantee arrangements, including self administered bodies under public supervision) that are located within the EU/EEA or in Switzerland, the United States, Canada or Japan, provided that, in the case public sector entities outside the EU/EEA, they have been assigned to credit quality step 1, however, public sector entities are only eligible to the extent the relevant claim is owed by them but not as guarantors of claims.

The Cover Pool may furthermore include *inter alia* the following substitute assets: (i) equalisation claims converted into bearer bonds; (ii) money claims against the European Central Bank, a central bank of an EU member state or a suitable credit institution, in as much as the amount of the claims of the Pfandbrief Bank is known at the time of purchase; and (iii) claims arising under certain derivatives contracted under standardised master agreements with certain qualifying counterparties, provided that it is assured that the claims arising under such derivatives will not be prejudiced in the event of the insolvency of the Pfandbrief Bank or any other Cover Pool maintained by it.

#### *Insolvency Proceedings*

In the event of the commencement of insolvency proceedings over the assets of the Pfandbrief Bank, none of the Cover Pools maintained by it would be included in the insolvency estate, and, therefore, such insolvency would not automatically result in an insolvency of any Cover Pool. Only if at the same time or thereafter the relevant Cover Pool were to become insolvent, separate insolvency proceedings would be initiated against such Cover Pool by the BaFin. In this case, Pfandbriefholders would have the first claim on the respective Cover Pool. Their preferential right would also extend to interest on the Pfandbriefe accrued after the commencement of insolvency proceedings. Furthermore, but only to the extent that Pfandbriefholders suffer a loss, such Pfandbriefholders would also have recourse to any assets of the Pfandbrief Bank not included in the Cover Pools. As regards those assets, Pfandbriefholders would rank equal with other unsecured and unsubordinated creditors of the Pfandbrief Bank.

One or two administrators (*Sachwalter* – the “**Administrator**”) will be appointed in the case of the insolvency of the Pfandbrief Bank to administer each Cover Pool for the sole benefit of the Pfandbriefholders. Upon request by

the BaFin, the court having jurisdiction over the head office of the Pfandbrief Bank will appoint the Administrator before or after the institution of insolvency proceedings. The Administrator will be subject to the supervision by the court and also by the BaFin with respect to the duties of the Pfandbrief Bank arising in connection with the administration of the assets included in the relevant Cover Pool. The Administrator will be entitled to dispose of the Cover Pool's assets and receive all payments on the relevant assets to ensure full satisfaction of the claims of the Pfandbriefholders. To the extent, however, that those assets are obviously not necessary to satisfy such claims, the insolvency receiver of the Pfandbrief Bank is entitled to demand the transfer of such assets to the insolvency estate.

Subject to the consent of the BaFin, the Administrator may transfer all or part of the cover assets and the liabilities arising from the Pfandbriefe issued against such assets to another Pfandbrief Bank.

This description takes into account the changes to the Pfandbrief Act as specified in the Act for the Further Development of the Pfandbrief Law (*Gesetz zur Fortentwicklung des Pfandbriefrechts*) that entered into force on 26 March 2009.

## **Selling Restrictions**

### **General**

The Issuer has represented, warranted and undertaken and each Dealer appointed under the Programme will be required to warrant and undertake that it will comply with all applicable laws and regulations in force in any jurisdiction in which it purchases, offers, sells or delivers Instruments or possesses or distributes the Prospectus and will obtain any consent, approval or permission required by it for the purchase, offer, sale or delivery by it of Instruments under the laws and regulations in force in any jurisdiction to which it is subject or in which it makes such purchases, offers, sales or deliveries and neither the Issuer nor any other Dealer shall have any responsibility therefor.

The Issuer has acknowledged and each Dealer appointed under the Programme will be required to acknowledge that, other than with respect to the admission of the Instruments to listing, trading and/or quotation by the relevant listing authorities, stock exchanges and/or quotation systems, no action has been or will be taken in any jurisdiction by the Issuer that would permit a public offering of the Instruments, or possession or distribution of any offering material in relation thereto, in any country or jurisdiction where action for that purpose is required.

With regard to each Tranche, the relevant Dealer will be required to comply with such other additional restrictions as the Issuer and the relevant Dealer shall agree and as shall be set out in the applicable Final Terms.

### **United States of America: Regulation S Category 2**

The Instruments have not been, and will not be, registered under the Securities Act, and may not be offered or sold within the United States of America or to, or for the account or benefit of, U.S. persons except in certain transactions exempt from, or not subject to, the registration requirements of the U.S. Securities Act of 1933, as amended (the "Securities Act"). Terms used in the preceding sentence have the meanings given to them by Regulation S under the Securities Act ("Regulation S").

Neither the Issuer nor any Dealer will offer, sell or deliver Instruments, (i) as part of their distribution at any time or (ii) otherwise until 40 days after the completion of the distribution of the Instruments comprising the relevant Tranche, as certified to the Issuing Agent and the Principal Paying Agent or the Issuer by a Dealer (or, in the case of a sale of a Tranche of Instruments to or through more than one Dealer, by each of such Dealers as to Instruments of such Tranche purchased by or through it, in which case the Issuing Agent and the Principal Paying Agent or the Issuer shall notify each such Dealer when all such Dealers have so certified) within the United States of America or to, or for the account or benefit of, U.S. persons, and such Dealer will have sent to each distributor, dealer or person to which it sells Instruments during the distribution compliance period relating thereto a confirmation or other notice setting forth the restrictions on offers and sales of the Instruments within the United States of America or to, or for the account or benefit of, U.S. persons. Terms used in this paragraph have the meanings given to them by Regulation S.

In addition, until 40 days after the commencement of the offering of Instruments comprising any Tranche, any offer or sale of Instruments within the United States of America by any Dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act.

Each purchaser of any Note offered and sold in reliance on Regulation S will be deemed to have represented and agreed as follows (terms used in this paragraph that are defined in Regulation S are used herein as defined therein):

- (a) the purchaser (i) is, and the person, if any, for whose account it is acquiring such Instrument is, outside the United States of America and is not a U.S. person, and (ii) is acquiring the offered Instruments in an offshore transaction meeting the requirements of Regulation S;
- (b) the purchaser is aware that none of the Instruments have been or will be registered under the Securities Act and that the Instruments are being distributed and offered outside the United States of America in reliance on Regulation S; and
- (c) the purchaser acknowledges that the Issuer, its affiliates and others will rely upon the truth and accuracy of the foregoing representations and agreements.

### **European Economic Area: Public Offer Selling Restrictions Under The Prospectus Directive**

In relation to each Member State of the European Economic Area, which has implemented the Prospectus Directive (each, a "Relevant Member State"), each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the "Relevant Implementation Date") it has not made and will not make an offer of Instruments which are the subject of the offering contemplated by this Prospectus as completed by the Final Terms in relation thereto to the public in that

Relevant Member State except that it may, with effect from and including the Relevant Implementation Date, make an offer of Instruments to the public in that Relevant Member State:

- (a) if the Final Terms in relation to the Instruments specify that an offer of those Instruments may be made other than pursuant to Article 3(2) of the Prospectus Directive in that relevant Member State (a "Non-Exempt Offer"), following the date of publication of a prospectus in relation to such Instruments, which has been approved by the competent authority in that Relevant Member State or, where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State, provided that any such prospectus has subsequently been completed by the Final Terms contemplating such Non-Exempt Offer, in accordance with the Prospectus Directive, in the period beginning and ending on the dates specified in such prospectus or final terms, as applicable;
- (b) at any time to legal entities, which are authorised or regulated to operate in the financial markets or, if not so authorised or regulated, whose corporate purpose is solely to invest in securities;
- (c) at any time to any legal entity which has two or more of (i) an average of at least 250 employees during the last financial year; (ii) a total balance sheet of more than EUR 43 mln. and (iii) an annual net turnover of more than EUR 50 mln., all as shown in its last annual or consolidated accounts; or
- (d) at any time to fewer than 100 natural or legal persons (other than qualified investors as defined in the Prospectus Directive) subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the Issuer for any such offer; or
- (e) at any time in any other circumstances falling within Article 3(2) of the Prospectus Directive,

provided that no such offer of Instruments referred to in (b) to (e) above shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision, the expression an "offer of Instruments to the public" in relation to any Instruments in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Instruments to be offered so as to enable an investor to decide to purchase or subscribe the Instruments, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State and the expression "Prospectus Directive" means Directive 2003/71/EC and includes any relevant implementing measure in each Relevant Member State.

#### *Selling Restrictions Addressing Additional United Kingdom Securities Laws*

Each Dealer has represented, warranted and agreed that:

- (a) *No deposit-taking*: in relation to any Instruments having a maturity of less than one year:
  - (i) it is a person whose ordinary activities involve it in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of its business; and
  - (ii) it has not offered or sold and will not offer or sell any Instruments other than to persons (A) whose ordinary activities involve them in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of their businesses; or (B) who it is reasonable to expect will acquire, hold, manage or dispose of investments (as principal or agent) for the purposes of their businesses, where the issue of the Instruments would otherwise constitute a contravention of section 19 of the Financial Services and Markets Act 2000 (the "FSMA") by the Issuer;
- (b) *Financial promotion*: it has only communicated or caused to be communicated and will only communicate or cause to be communicated any invitation or inducement to engage in investment activity (within the meaning of section 21 of the FSMA) received by it in connection with the issue or sale of any Instruments in circumstances in which section 21(1) of the FSMA does not apply to the Issuer; and
- (c) *General compliance*: it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to any Instruments in, from or otherwise involving the United Kingdom.

#### *Selling Restrictions Addressing Additional Italy Securities Law*

The offering of the Instruments has not been registered pursuant to Italian securities legislation. Each Dealer has represented and agreed that it has not offered or sold, and will not offer or sell, any Instruments in the Republic of Italy unless in accordance with all Italian securities, tax and exchange control and other applicable laws and regulations.

Each of the Dealers has represented and agreed that it will not offer, sell or deliver any Instruments or distribute copies of this Prospectus or any other document relating to the Instruments in the Republic of Italy except:

- (a) to "Qualified Investors" pursuant to Article 100 of Legislative Decree No. 58 of 24 February 1998, as amended ("Decree No. 58") and as defined under Article 2(i)(e) (i) to (iii) of the Prospectus Directive; or
- (b) in any other circumstances where an express exemption from compliance with the public offering restrictions applies, as provided under Decree No. 58 or CONSOB Regulation No. 11971 of 14 May 1999, as amended.

Any such offer, sale or delivery of the Instruments or distribution of copies of this Prospectus or any other document relating to the Instruments in the Republic of Italy must be:

- (a) made by investment firms, banks or financial intermediaries permitted to conduct such activities in the Republic of Italy in accordance with Legislative Decree No. 385 of 1 September 1993 as amended ("Decree No. 385"), Decree No. 58, CONSOB Regulation No. 16190 of 29 October 2007, as amended and any other applicable laws and regulations; and
- (b) in compliance with any other applicable notification requirement or limitation which may be imposed by CONSOB or the Bank of Italy.

Investors should also note that, in any subsequent distribution of the Instruments in the Republic of Italy, Article 100-bis of Decree No. 58 may require compliance with the law relating to public offers of securities. Furthermore, where the Instruments are placed solely with qualified investors and are then systematically resold on the secondary market at any time in the 12 months following such placing, purchasers of Instruments who are acting outside of the course of their business or profession may in certain circumstances be entitled to declare such purchase void and, in addition, to claim damages from any authorised person at whose premises the Instruments were purchased, unless an exemption provided for under Decree No. 58 applies.

#### *Selling Restrictions Addressing Additional Austria Securities Law*

The following selling restriction shall apply to offers of the Instruments in Austria in place of those for the European Economic Area set out below.

No offer of the Instruments may be made to the public in Austria, except that an offer of the Instruments may be made to the public in Austria (a) in the period beginning on the day following (i) the bank working day on which this Prospectus has been published including any supplements but excluding any Final Terms in relation to the Instruments which has been approved by Financial Market Authority in Austria (*Finanzmarktaufsichtsbehörde* – the "FMA") or, where appropriate, approved in another Member State and notified to the FMA, all in accordance with the Prospectus Directive and ending on the date which is 12 months after the date of such publication and (ii) the bank working day on which the relevant Final Terms for the Instruments have been published and (iii) the bank working day on which the notification with *Oesterreichische Kontrollbank AG*, all as prescribed by the Capital Market Act 1991 (*Kapitalmarktgesetz 1991* – "CMA") has been effected, or (b) otherwise in compliance with the CMA.

For the purposes of this provision, the expression "an offer of the Instruments to the public" means the communication to the public in any form and by any means of sufficient information on the terms of the offer and the Instruments to be offered so as to enable an investor to decide to purchase or subscribe the Instruments. This definition encompasses the placing of the Instruments through financial intermediaries.
